- The NWEA window starts next week. Students will be completing the Reading, Language, Math, and Science assessments. Teachers will communicate

**Drama:**

**Robotics:**

Hello, I am Mr. Van Etten, the robotics coach for Wyoming Junior High School. Here at the robotics club, we have an opportunity to have 2 teams! We are excited for the new season and to be back into building, coding, and competing with our robots!

For this season, our game is called Freight Frenzy! The full details for the game will be released on September 18th, 2021. We will have an informational meeting on September 15th, 2021 from 2:35 – 2:50 PM to discuss the upcoming season and what will be expected of the students moving forward. We will also discuss the practice schedule, as well as what is expected at competitions. Unfortunately, there will not be transportation home for the students as of yet. So you will be required to pick your student up, or let me know that they are able to walk home after meetings and practices.

So, what can you expect to happen during practices? Here is a short list of what we will be doing during practice:

- Working with tools to build a robot
- Problem solving on how to score the most points in the time given.
- Coding in block and JAVA script
- Driving the robot!
- Discussing options for the robot.
- Designing parts and Making our designs come to life!

As you can see, there are many things for us to do and a limited amount of time to do it in! So, we will practice as much as possible to have the best robot we can. If you have any questions, feel free to contact me at the email address: vanettej@wyomingps.org

Here is to another great season!

Justin Van Etten

**Science olympiad:**
**Student Council:**
- Student Council is a committee of 7th, 8th, and 9th grade students who want to increase school spirit at Wyoming Junior High School! Please email the Staff Advisor, Ms. Obney, at Obneyk@wyomingps.org with questions. We have also included a digital flyer with a Google Form in the Family Communication that will be shared with families today. Please complete the Google Form if you are interested in Student Council! Here is the Student Council digital flyer and the Google Form.
